**Migrants' Integrating Kit - Basic Language
for Dealing with Financial Matters**

Education and Culture DG

Lifelong Learning Programme

INTEGRA

INTEGRA makes products to improve the integration of migrants in the field of finances.

INTEGRA develops a “Migrants’ Integrating Kit - Basic Language for Dealing with Financial Matters” containing financial terminology, a financial glossary and a guide with main information on financial institutes or financial information source.

INTEGRA creates an active web portal for integrating all the useful financial information, on-line trainings, contact information and networks data.

INTEGRA works together with social partners, such as migrant communities and financial institutes, to create a Europe wide network of relevant institutes in order to reach and help migrants.

INTEGRA trains enthusiastic trainers-representatives from migrant communities who transfer the language knowledge to other members using the integration kit.
